Re: Lower Darby Creek Area Superfund Site

Dear Ms. Prisk:

This letter is in response to the request for documents submitted to the Borough of Norristown by Larry S. Miller regarding the above-mentioned Superfund site. This office represents the Borough of Norristown.

The Borough of Norristown has moved its administrative offices a number of times since 1976 and they have not been able to locate any of the documents you are requesting. The purpose of this letter is to request a reasonable extension of time to respond to the document request. Any documents in the Borough's possession which may be responsive to this request will have to be located by searching by hand through a vast quantity of old documents that are in the Borough's archives.

Very truly yours,

VINCENT M. VANGROSSI
